I. PURPOSE

2017 Remaining Amendments

[The proposed change replaces the term “Convention” with “Tribal Assembly.”]

These rules are intended to serve as a guide to delegates in conducting their business of setting policy of the tribe while in Tribal Assembly (Convention) or related functions in between the annual Tribal Assembly sessions. They are intended to clarify integration between accepted rules of order and special rules adopted by the delegates in assembly/convention.

II. RULES OF ORDER

Robert's Rules of Order shall be the official rules of order for the convention and committees. The Tribe reserves the rights to adopt replacement rules or special rules as it sees fit from time to time.

III. WELCOME CEREMONY

Most activities arranged to welcome delegates normally take place the evening before the Tribal Assembly is officially in session as prescribed by the Constitution. This policy makes it clear that, notwithstanding the above reality, all activities relative to welcoming the delegates shall be considered part of the Tribal Assembly.

IV. REGISTRATION

2017 Remaining Amendments

[The proposed changes delete references to specific times for registration, and insert “Tribal Assembly” in place of “convention.”]

2018 Committee Proposal

[The word “the” is struck preceding the phrase “and on the first day of Tribal Assembly.” for grammatical correctness.]

Delegates may not be officially seated until they register. Delegates have the opportunity to register between the hours of 3:00 and 5:00 p.m. the day before the convention, or between 8:00 a.m. and 1:00 p.m. on the first day of the Tribal Assembly/convention. At least one member of the Credentials Committee must be present at any time registration is taking place.

V. QUORUM

2017 Remaining Amendments

[The proposed changes delete references to time of day. A sentence is added to clarify that a quorum once established is in effect throughout the Tribal Assembly. Quorum appears “quorum present” or “delegates present” in Articles VI, VII, VIII, X, XIII, XV, XVII, and XX, and determines the number of votes needed for a simple majority of 50% + 1 or a 2/3 vote. Where the quorum number has not been re-established after the opening of Tribal Assembly, that number would be the opening session quorum, and subsequently during later sessions unless a new quorum number is established through roll call. The intent of the proposed changes is to clearly define the “quorum present” when used in any vote.]
The Credentials Committee will make their first report to the convention on the first day of Tribal Assembly as the first business item at 2:00 p.m. on Thursday or the next available time after 2:00 p.m. If at least 50% + 1 of duly elected delegates have registered by the time of the report and these delegates accept the report in a voice vote, the chairman will declare that a quorum is present. A quorum once established shall be deemed present for the duration of the Tribal Assembly.

1. A Credentials Committee report may be provided earlier if necessary to allow voting on an emergency basis.
2. The Credentials Committee will also report periodically on changes to delegation.
3. The quorum of 50% + 1 of the duly elected and seated delegates does not change throughout the duration of the convention.

VI. VOTING

All duly seated delegates are eligible to vote on any matter brought before the convention or in elections of tribal officials. Voting is not official unless a quorum is present, except to:

1. Accept initial Credentials Committee report that establishes a quorum;
2. Vote on requests to have speeches and special presentations recorded in the minutes before a quorum is established;
3. Adopt the convention agenda; and
4. Vote on any motion relative to rules of order.
5. It takes at least 50% + 1 of the quorum present voting affirmatively in favor of a recommended action for it to be declared passed.

All voting on business items will be by voice. The chair may call for a show of hands when a division is called for or if in his/her opinion the vote is too close to call. Any delegate may request a “roll call” vote when it is clear that the show of hands is still not sufficient to determine a prevailing side. Roll call votes should not be used just to consume convention time or disrupt convention business.

VII. ELECTION OF OFFICERS

The nomination of officers shall take place 10 days prior to the opening of the Tribal Assembly pursuant to the Constitution Article VIII Section 1.A. The election of officers shall take place at the time agreed to on the agenda. Once the agenda is adopted, other items may be amended but the election of officers shall remain as originally agreed to. It takes at least 50% + 1 of the quorum present voting for a candidate in order for the candidate to be elected to the position for which he/she was duly nominated.

The election process shall be as follows:

1. The President (or session Chair) shall turn the Chair over to the Election Committee Chairman. No member of the election committee shall be a candidate for any office.
2. All of the nominations for the President and the Vice-Presidents will be put on a single ballot per office, and/or shall utilize an electronic balloting machine by each qualified delegate.
Nothing in these Standing Rules of Order shall prohibit or prevent an unsuccessful candidate for President to be nominated and considered for election as a Vice president. This rule only apply to those candidates who marked both offices.

3. An unsuccessful candidate for the Office of the President who provided a campaign speech for that office and is subsequently nominated for Vice President shall not be provided any additional campaign speech opportunities.

4. Delegates from the communities will be called to collect their voting device by community in the order in which they appear in the Rules of Election. The Election Committee will verify delegate registration tag and have delegate sign registry.

5. The Election Committee will verify the results immediately. In the event a candidate does not get a majority, another balloting will take place. Once a candidate gets a majority of the delegate votes, the Chair will request a motion to adopt the Election Committee report; and

6. The election process will proceed as outlined above until the President and all Vice-Presidents are elected. The exception is: all successful candidates getting a majority vote and the candidate(s) getting less than 10 votes will be removed from secondary balloting.

VIII. PARLIAMENTARIAN

2017 Remaining Amendments

The proposed change inserts “quorum present” in place of “delegates present.”

The President shall appoint a parliamentarian at the beginning of each Tribal Assembly.

All rule interpretations of the parliamentarian must be made to the session chairman in the form of a recommendation; it is then the responsibility of the chairman to make a ruling. It takes a majority vote of the quorum delegates present to overturn the ruling of the chairman.

IX. CALL TO ORDER

It is the responsibility of the President to make sure that each session of the convention is called to order as closely as possible to the designated time(s) specified on the adopted agenda. A quorum need not be present nor declared for a session to be called to order. Once the session is called to order, all convention rules are in effect.

X. ADOPTION OF THE AGENDA

2017 Remaining Amendments

The proposed change inserts “quorum present” in place of “delegates present.”

A proposed Tribal Assembly agenda will be sent to each delegate no later than 2 weeks prior to the start of the convention. It is the responsibility of a delegate who wants to amend the agenda to propose the suggested change(s) at least 1 week prior to the start of the convention with supporting documents and reasons for the suggested change.

Adoption of the agenda serves two (2) functions:

1. It provides an opportunity for the delegates to vote on whether or not they agree with the proposed agenda; and
2. It provides the delegates the opportunity to suggest amendments to the agenda. It can be amended at any time, without objection or with a majority vote.

Once the agenda is adopted, it serves as a guide for scheduled activities of the convention. All presenters must complete their presentation within their allotted time on the agenda. If additional time is needed, a vote authorizing the additional time is necessary and the session chair must interrupt the speaker to get the approval of additional time.

The chairman may not grant privilege of the floor for introductions or non-agenda presentations when the convention is behind on the agenda without a duly made motion and a two-thirds (2/3) vote of quorum delegates present.

A call for Orders of the Day, without objection will direct the sessions chairman to proceed with the scheduled agenda item notwithstanding current convention activities. If there is an objection to the call for Orders of the Day, then a majority vote to sustain the call will direct the chairman to proceed with the next item.

XI. ASSEMBLY CHAIRMAN

This rule provides the President with the option of appointing a session chairman for any or all sessions of the convention whether or not the President remains present. It is preferred that appointed session chairmen be selected from the six (6) elected Vice Presidents. Any appointed session chairman may return the chairmanship back to the President at any time without convention action.

The President, when chairing, will respond to questions or offer his views on any action that may negatively impact the tribe or need clarity from the administration of the tribe.

XII. MOTIONS

Any duly seated delegate may make a motion once the chairman recognizes him/her. All motions must be duly seconded before debate is allowed. Long or technical motions shall be submitted to the Recording Secretary in writing.

A motion should be presented as follows:

"Mr. [Madam] Chairman, [if new to convention or if chairperson is unfamiliar with delegates give your name] I move..."

The order of priority of motions is:

1. Points of order.
2. Tabling [not debatable].
3. Deferring [not debatable].
4. Amendment; and
5. The main motion action.

XIII. RESOLUTIONS

2017 Remaining Amendments

[The proposed changes insert “Tribal Assembly” for convention.]

[“Office of the President” is proposed to replace “Recording Secretary” for actions that occur]
prior to the opening of Tribal Assembly, while Recording Secretary is unchanged during the Tribal Assembly. The intent is to clarify that the Office of the President is responsible for all administrative actions before and after Tribal Assembly, and that a Recording Secretary is only designated during Tribal Assembly.

[The time prior to Tribal Assembly when resolutions must be submitted is increased to the “third” Friday from the “second” Friday before assembly.]

[The proposed changes to (C), (D), and (F) are intended to bring resolutions not timely submitted prior to Tribal Assembly into the committee process for a review in regular order rather than on the last day of Tribal Assembly. This is effected by providing an opportunity for delegates to request a suspension of the rules to consider “late resolutions” immediately following the consent calendar vote on the first day, and for late resolutions approved, referral to committee. Late resolutions not receiving a favorable vote would continue their referral the next meeting of the Executive Council.]

2018 Committee Proposal

[The insertion of lettered lists to the paragraphs and the renumbering of following lists are proposed for formatting consistency.]

A. An adopted resolution is the policy of the tribe for the next two years or until rescinded by subsequent Tribal Assembly convention action. The lifecycle of a resolution will begin on election years and will be the policy for the tribe for the next two years. Resolutions on the same topic, of the same substance, and generally requesting the same action during the two-year period are out of order. It is the responsibility of tribal administration to follow up on the resolution until preferred results are achieved or a conclusive response is received by the tribe.

B. Any duly seated delegate may submit a resolution. Any resolution from a T&H Community Council must have been first adopted by that community council. Disputes will be settled with the presentation of minutes of local meeting where the resolution was adopted.

2018 Committee Proposal

[In newly listed subsection (C), “Tribal Assembly” is struck for grammatical correctness.]

C. All resolutions must be turned in to the Tribal Assembly convention Office of the President Recording Secretary by the close of business on the third Friday before the Tribal Assembly. All resolutions submitted timely shall be delivered to the duly seated delegates by the Friday before the Tribal Assembly.

1. A. The Office of the President Recording Secretary shall ensure that all resolutions are entered into official tribal resolution format, sorted by topic relative to committee responsibilities, and numbered in the order in which the resolution is received relative to the topic.

2. B. Resolutions submitted after this date and time shall be ineligible for submittal to the Tribal Assembly except as provided in these rules.

3. C. Any resolutions not timely submitted after that time are automatically referred to the Executive Council, or may be introduced to the floor only by the passage of a motion to suspend the rules allowing its introduction.
2018 Committee Proposal

[In newly listed subsection(4), “A resolution” is proposed to be “resolutions” to be consistent with newly listed subsection (5).]

4. D. Resolutions A resolution not timely submitted may be introduced to the floor only by the passage of a motion to suspend the rules allowing its introduction immediately following approval of the consent calendar.

5. E. A motion to suspend this rule requires a two-thirds (2/3) vote of quorum present.

6. E. Motions approved to suspend the rules to introduce a resolution not timely that was submitted shall cause the resolution to be referred to the Resolutions Committee and thereafter to an appropriate committee, and shall be reported to the Tribal Assembly only after the deadline is out of order until all other resolutions have been acted upon.

2017 Remaining Amendments

[The proposed changes for Article XIII’s second (A-C) and (E) clarify the process for resolution consideration for inclusion in the consent calendar, and propose consistent use of terms (“delegates” instead of “members”, “resolutions” instead of “items”, “consent calendar” instead of “consent agenda.”]

[The proposed changes for (G-H) revise the procedure for motions on resolutions to the delegates. The past procedure had committee chair report to the delegates a “do pass” or “do not pass” recommendation on a resolution AND move for adoption of the resolution. The change proposed is that the committee chair report the same recommendation to the delegates, but a motion to approve the resolution would then be made by any delegate (preferably the sponsor of the resolution). The committee chair, as a delegate, may still make the motion if necessary. The intent is to remove any confusion between the committee recommendation and the motion to approve the resolution, and to improve accountability between resolution and sponsor.]

D. The Office of the President/Recording Secretary shall have a copy of each resolution for the Resolutions Committee who will review the resolution and:

1. A. A joint meeting with the Committee on Committees prior to the first day of the Tribal Assembly shall determine which of the resolutions should be assigned to the consent calendar.

2. B. Assign each resolution not assigned to or approved in the consent calendar to the appropriate committee or committees, including to the Finance Committee if a resolution has financial or budget implications, and suggest format changes so as to be consistent with the official tribal resolution format.

3. C. Return the modified resolution to the Office of the President/Recording Secretary with assignment of written suggestions as to which committees should consider the resolution, including any modifications, and which of the resolutions are assigned should be considered for the consent calendar.

4. D. The resolutions will be delivered to all delegates with the suggested committee and consent calendar recommendations indicated on them.
The Delegates first consideration of the resolutions at the Tribal Assembly will:

1. Determine whether any resolution does not an item belongs on the consent calendar.

2. The Chair prepares a numbered list of the consent calendar agenda items.

3. The consent resolution list and supporting documents included in the consent calendar package will have been delivered to all duly seated delegates with sufficient time to be read by all delegates prior to Tribal Assembly.

4. The Chair asks delegates what, if any, resolutions they wish to be removed from the consent calendar and referred to committee.

5. If any delegate requests that a resolution an item be removed from the consent calendar, it must be removed. Delegates may request that a resolution an item be removed for any reason. Examples: discussion, queries, grievances, or to vote against.

6. Once it has been removed, the resolution will be referred to committee.

7. When there are no more resolutions to be removed, the chair reads out the numbers of the remaining consent resolutions. The chair states: “If there is no objection, these resolutions will be adopted.” After pausing for any objections, the chair states, “As there are no objections, the consent calendar item is adopted.”

8. When preparing the minutes, the Recording Secretary includes the full text of the resolutions, reports or recommendations that were adopted as part of the consent calendar.

Committees will consolidate resolutions on the same topic or issue into one comprehensive resolution while ensuring there are no conflicting and/or contradictory clauses in the resolution; and

Once the resolution has been considered by the committee(s), each committee designate shall report its recommendations to "pass" or "do not pass" to the Tribal Assembly. The delegate sponsor of the resolution, or any delegate, shall then make convention a motion to pass the resolution and a second to the motion solicited.

In discussion to the motion and second to adopt a resolution, the chair will request comments or recommended amendments from the chair or designee of other committees when a resolution has been referred to more than one committee introduced to the floor. Once a motion on a resolution has been acted upon by the Tribal Assembly, the committee that had the floor prior to the comments or
recommendations will resume with their presentation on their committee action until completed or relinquishing the floor.

Resolutions not acted upon by the convention because they were either not brought to the floor by a delegate or a committee designee or due to expiration of convention time shall be referred to the Executive Council through a declaration from the chair or with the adoption of a motion directing such.

XIV. STATUTES

2017 Remaining Amendments

[The changes proposed clarify the authority and process for enactment of statutes by the delegates to Tribal Assembly, and the Executive Council when the Tribal Assembly is not in session.]

[Statutes proposed to Tribal Assembly are treated the same as resolutions, with distribution to delegates prior to Tribal Assembly. Archaic references to mail and to community distribution are deleted. The proposal is for Tribal Assembly to adopt statutes by a simple majority vote (50%+1) instead of a 2/3 majority vote.]

[Statutes proposed to Executive Council would now require a vote of at least 4 members to enact statutes or changes to statutes. A 2/3 vote among 6 members is the same as a simple majority, and if only 4 members are present a majority vote may be 3 members, so the requirement for affirmative votes of at least 4 members no matter the number of members present provides an effective 2/3 majority.]

[Technical amendments that do not materially change a statute may be approved by a voice vote by either Tribal Assembly or the Executive Council. Significant or lengthy amendments require prior notice prior to vote.]

2018 Committee Proposal

[Consistent application of “Tlingit & Haida” replaces “Central Council” preceding the phrase “in effect until repealed, amended, or replaced by another statute.”]

Statutes, once adopted, become a permanent policy of the Central Council Tlingit & Haida tribe, in effect until repealed, amended, or replaced by another statute.

Statutes proposed to the Tribal Assembly shall be handled and adopted very much like resolutions except that all newly drafted statute resolutions will be conveyed mailed to the highest vote-getter delegates in each community who is responsible to advise the other delegates in that particular community that he/she has the proposed statute and make it available for their review before the Tribal Assembly convention.

A newly proposed statute or a proposed amendment to an adopted statute requires an affirmative majority vote of four (4) members of the Executive Council. A 2/3 vote for adoption when enacted by the Executive Council between Tribal Assemblies, except when they have been sent via U.S. mail at least 90 days prior to the A newly proposed statute or a proposed amendment to an adopted statute submitted to the Tribal Assembly shall be they are then adopted by a simple majority vote.

Technical amendments (amendments that do not change the intent or meaning of the statute) may be made by voice vote of the Tribal Assembly delegates present.
Significant amendments or lengthy amendments must be conveyed in writing before each delegate prior to Tribal Assembly before action can be considered.

XV. COMMITTEES

2017 Remaining Amendments

[The proposed change inserts “quorum present” in place of “delegates present.”]

Each even-numbered year (election years) the President shall send a list of committees to each delegate and request advice as to which committee(s) they are interested in serving on before they come to the convention. The President will compile a list of committee membership and appoint interim chairmen to each committee. These interim chairmen shall serve as the Committee on Committees that is charged with reviewing the list of committee membership and recommending improvements to the convention. Without objection the recommendation of the Committee on Committees will be the final committee structure. If there is an objection, the decision of the majority of quorum delegates present will determine the final committee structure.

With the exception of the standing Enrollment Committee, the standing Finance Committee, the standing Judiciary Committee, the Elections Committee, and single-function committees established by the convention to function in between conventions on a specific task, all committees shall function only while the convention is in session or in recess.

1. The Enrollment Committee will meet at least once and as many as three times in between conventions to certify enrollment applications and individual community voter lists.

2. The Finance Committee will meet at least once and as many as three times in between conventions to review financial documents and provide comments on tribal financial issues.

3. The Elections Committee will meet as necessary at the request of the President to officiate delegate election disputes whenever there is a legitimate challenge of a delegate election in a Tlingit and Haida community during the delegate election process. They shall also officiate the election of officers and any other election during the Tribal Assembly.

4. The Judiciary Committee will meet at the call of the chair as needed to develop, refine, and recommend policy adoptions for the improvement of the tribal courts system.

It is the responsibility of the committee chairman to set the committee meeting time, place, and agenda in consultation with administration.

Committee functions are as outlined on the attachment to this policy.

XVI. RECORDING OF MINUTES

The Recording Secretary is responsible for recording all of the actions of the convention into minutes; the elected Tribal Secretary is responsible to ensure that all minutes are properly recorded and made available to delegates in a timely fashion. The minutes shall include only: agenda items, actions, and special presentations. Comments of delegates and/or staff members will not be recorded as a matter of practice; however, a delegate may have his comments or the comments of others recorded in the minutes upon request and without objection.
XVII. SUSPENSION OF THE RULES

2017 Remaining Amendments

[The proposed change inserts “quorum present” in place of “delegates present.”]

A delegate may introduce items, speakers, or request action that is not on the agenda or out of synchronization with the agenda by requesting a suspension of the rules. The suggested format of the request should be:

"Mr./Madam Chairman, my name is _________. I move and ask unanimous consent to suspend the rules to . . .” [add an agenda item, introduce a resolution, allow a non-delegate to speak on an issue, etc.].

If there is an objection, a majority of quorum delegates present decide if rules are suspended. The rule on suspending the rules for introducing resolutions that are late supersede these rules on that topic.

XVIII. BUDGET ADOPTION

2017 Remaining Amendments

[The proposed changes clarify that the budget is introduced on the second day of Tribal Assembly, and that all resolutions that would cost the Central Council money must be reviewed and recommended by the Finance Committee and included in the budget adopted. If such a resolution is considered after the budget is adopted, the Finance Committee must review and recommend the cost and a 2/3 vote to suspend the rule to consider approval of the resolution.]

2018 Committee Proposal

[Consistent application of “Tlingit & Haida” replaces “Central Council” preceding the phrase “operating budget must be introduced no later than...” and the phrase “money are not in order...”]

The Central CouncilTlingit & Haida operating budget must be introduced no later than the end of the second day of Tribal AssemblyThursday and must be adopted before adjournment. If it appears there would be will not enough time to introduce the budget in time or adopt the budget by adjournment, other items regardless of their importance must be delayed to make room for budget introduction and/or adoption.

It is strongly recommended that aAll resolutions and proposals that would will cost money must be timely submitted and referred to the Finance Committee introduced as early as possible so that the budget may be accurately adjusted to accommodate the resolution. Once the budget has been passed, resolutions that would will cost the Central CouncilTlingit & Haida money are not in order and review and recommendation from the Finance Committee and will take a two-thirds (2/3) vote to change the adopted budget will be required before a resolution may be considered.

XIX. ACTION BETWEEN ASSEMBLIES

2018 Committee Proposal

[Consistent application of “Tlingit & Haida” replaces “Central Council” preceding the phrase “to make political and policy decisions on behalf of the tribe...”]

It is the responsibility of the President to make sure that the business of the tribe is carried out
throughout the year through staff activities. The President must ensure that all convention actions are carried out in a timely fashion and all policies of the tribe set by convention action be adhered to.

The Constitution enumerates that the Executive Council possesses all power of Central Council Tlingit & Haida to make political and policy decisions on behalf of the tribe in between conventions. Therefore, it is authorized to be the tribal governing body in between conventions and in that capacity provides direction to administrative staff on all issues that affect the welfare of the tribe and/or its members.

Nothing in these Standing Rules shall diminish or replace the authority of the Tribal Assembly and/or the Executive Council as a result of any advice provided by elected delegates from qualifying communities and any action or change in direction related to a policy, resolution, motion, law, or rule as result of any advice shall be reviewed and formally considered by the Tribal Assembly and/or the Executive Council.

Delegates reserve the right to vote on any issue or business item via telephone polls, mail, or fax provided all delegates are notified of the action, the reason for such action and expected outcome.

Neither the President nor the Executive Council may exercise actions or activities that are in conflict with or in any way diminish the intent of convention actions. The President and/or the Executive Council may, however, seek advice from the delegates on issues that appear unclear and if it is the judgment of the President and/or the Executive Council that clarity on the issue would benefit the tribe and/or tribal members. In this instance, every delegate must be contacted in writing and given reasonable time to express their opinion on the issue.

XX. RULES AMENDMENTS

2017 Remaining Amendments

[The proposed changes clarify that the Rules of Order are approved by the delegates to the Tribal Assembly as one of the first several business items. After the initial approval by simple majority vote, the proposal is subsequent changes occur only through a 2/3 majority vote.]

These rules shall be approved on the first day of the Tribal Assembly, immediately following establishment of a quorum and approval of the Agenda, without objection or by an affirmative majority vote of quorum present. Thereafter, these rules may be amended at any time during a Tribal Assembly convention without objection or by an affirmative, majority vote of two-thirds (2/3) of a quorum present. It is intended that these rules will serve as a guide to the delegates and administration and therefore every effort will be made to keep them brief and simple, yet effective and efficient.

[Gender neutral: he means he or she; him means him or her; Chairman means chairman or chairwoman]

Adopted: April 4, 1992
