Emergency Operations Administrator Corey Padron and Field Worker Ivan Williams flew to Haines with the US Coast Guard to meet with the state and local incident commanders to assess the community’s needs.

Tlingit & Haida’s Tribal Emergency Operations Center is pulling together emergency response supplies (i.e. temporary shelter, bedding, food, water, and toiletries) and accepting community donations.

We will continue to provide updates as information becomes available. Our thoughts and prayers are with the community of Haines.
